t

Virginia Church Furniture, LLC.

Before you begin browsing through the almost limitless possibilities presented in this catalog of church furnishings, we'd like you to participate in a simple experiment: find a comfortable chair and have a seat.

Take a moment to think how soothing it feels to sit down: your leg muscles have a chance to relax and loosen: think of how the back rest feels against muscles in your shoulders and back; notice the comfortable support in the seat cushions; even become aware of where the chair touches the back of your knee.

We at Virginia Church Furniture have studied the ways comfort directly affects how a person thinks, behaves and reacts. As you read about our church furniture, we want you to be relaxed and comfortable, so you'll be more attentive and be able to concentrate better. We want to help you achieve the same goals with every member of your church congregation.

Comfort is a primary consideration in Virginia Church Furniture's designs. But we are also concerned with much, much more.

Affordability: We understand the constraints of a church budget; our most affordable furniture is still of our best quality, durability, and design for maximum comfort. We can give you top quality furniture at reasonable prices because we alone have complete control over the entire manufacturing process.

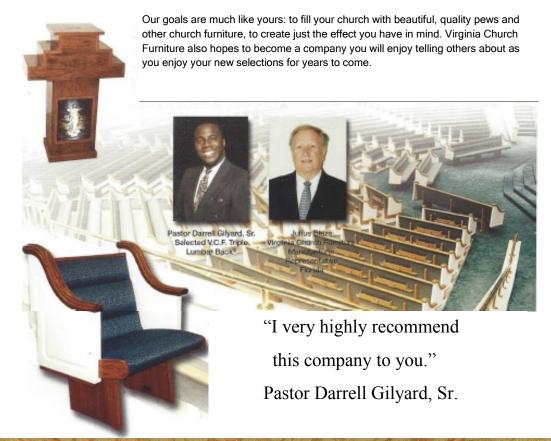

From the lumber yards to the kilns and dimension plants to the trucks, we own and manage and control this business every step of the way. So we can ensure efficiency, guarantee quality, control costs, and you are the beneficiary.

Beauty: Simply look at the brochure to see the beauty of experienced woodworking skills and the grain of quality Appalachian hardwoods. Choose any style and finish you desire. Our finishing process gives your furnishings the precise shade and the handsome luster you would expect.

We use only the finest fabrics selected for beauty, suitability, and durability in our upholstering. All of our woods, finishes and fabrics come in a wonderful variety, so we can help you achieve virtually any interior design you can imagine. We offer a complete line of unique Designer Fabrics©

Dependability: Selecting furnishings should be something you and your church do only once. Our wood is sealed with a scratch-resistant finish, and the sturdy Virginia Church Furniture frame construction ensures your new furniture will last and last and last. Our fabrics come from one of the oldest and finest suppliers in the business

Colonial Cantilevered/Conventional Pew Series

CANTILEVERED PEW ENDS

The Stylings of our Colonial ends bring to mind early America. Each end features a raised panel or a routed design, and all are available plain.

Colonial Vinyl White Finish

Virginia Church Furniture, Inc., continually the innovator in religious furnishings, uses a white vinyl finishing process on all colonial furniture. This durable vinyl finish is easily cleaned and resists the scruff marks and scratches associated with the standard "painted" finishes. Our vinyl colonial finish is available in colors from beige to bright white.

Conventional Pew Ends

No particleboard, chip core, or veneers.

Solid Wood Ends:

Our stained end panels are constructed of 2" thick solid oak and are hand sanded and stained to meet your specifications.

You can choose from our standard options which include cantilevered end panels or you can choose from our conventional end panels.

Pew Upholstery/Pew Refinishing/Pew Touch Up

Are your existing pews hard and worn out? Could they use a little touch up work or possibly a full refinish and/or re-upholstery work?

INTRODUCING

Double Lumbar Supported Back

BEFORE

AFTER

Virginia Church Furniture craftsmen can do a full refinish, a light touch up of your existing pews, or just re-upholstery.

PEW UPHOLSTERY PROCESS (FACTORY UPHOLSTERY OR ONSITE)

We will tear off the existing fabric, whether it's seat only, seat and back, or fully upholstered. We will use 2" high density virgin polyurethane foam in the seats and 1" in the backs and in your choice of any standard fabric pattern and color selection.

You can be sure that your on-site upholstery or factory machine press upholstery will look and feel as if it came right from the Virginia Church Furniture's plant.

REFINISH PROCESS

We will come to the church, disassemble all pew components, inventory them, and bring them back to our facility. We will do a combination of cleaning, machine and hand sanding, and chemical stripping to remove the existing finish down to the original wood. We use a high grade stain and wood sealer. We hand scuff sand and add two coats of high performance clear lacquer and sand between coats. Then they are returned back to your facility for re-installation.

PEW TOUCH UP PROCESS

We will come to the church, disassemble all pew components, inventory them, and bring them back to our facility. Our process begins with a light scuffing of all exposed wooden components. We will touch up any small areas that may be missing stain, if needed, and then apply two coats of lacquer for a polished finish.

Just like new refinished, touched up, or upholstered pews at a fourth of the cost!

WORKMANSHIP IS GUARANTEED FOR 5 YEARS. AN "UNLIMITED" SELECTION OF DESIGNER FABRICS ARE AVAILABLE!

COMPARE OUR PRICE!

REPLACE YOUR OLD FABRIC AND OLD CARPET WITH NEW VIRGINIA CHURCH FURNITURE'S FABRIC AND CARPET.

CALL FOR A QUOTE TODAY!

Turn-Key Service

Tacking strip at cap rail to assure the back upholstery is in a perfectly straight line.

We use virgin polyurethane foam for our cushioning material (1" or 2" for the backs and 2" or 3" for the seats); Density—2.0 with 55 lb compression ratio.

Polyurethane will retain its elasticity, is non-absorbent and is non-allergenic. This is the same cushioning material, SuperFoam, used in the manufacturing of new pews.

100% nylon and Designer Olefin treated fabrics. Same fabrics used by most pew manufacturers.

Tacking strip back on each end allows us to stretch fabric both vertically and horizontally to prevent wrinkles.

Waterfall effect at front of pew is more comfortable and retains appearance for many years to come. We do this with a special stretching tool that will give a smooth appearance and guaranteed no-wrinkle upholstering.

We tuck fabric well under the bottom and apply at least two rows of staples to prevent the fabric from working loose.

No uncomfortable upholstery buttons that will eventually break loose.

Flexible Seating

METAL STACKING CHAIRS

The use of stackable, flexible seating has become a very popular trend in the worship setting. Every worship community has its own style and design of worship and each requires different features and options. Stack chairs are versatile and can be easily moved to use your worship space for other activities. Our chairs come in a variety of widths from 18 1/2" wide up to 22" wide and all come available in a variety of fabric/frame selection and other additional options. Call today to request a quote!

Finish & Fabric Selections

Virginia Church Furniture takes great pride in the fine quality of workmanship put into all our wood finishes. The eleven finishes shown are prepared as carefully as technology will allow. A slight variation may occur in color, texture and sheen* due to the natural properties of the wood prior to finishing.

*All finishes will have 60 sheen (semi-gloss) lacquer finishes unless otherwise requested.

Virginia Church Furniture has a wide variety of patterns and colors of fabric selections for your selection process. Our upholstery fabrics can coordinate with any church décor and at the same time provide durability and comfort. Each manufacturer features 100% polyolefin construction and many styles and colors to choose from. We can also provide larger samples at your request.

Church Lighting/Stained Glass

LIGHTING-FIXTURE TYPES

Virginia Church Furniture offers fixtures in many styles, from traditional to contemporary designs. Each style has variations to accommodate different ceiling heights and floor configurations within the worship facility. Metal, wood, and glass type are optional. Requirements for church lighting are usually expressed in watts per square foot. (Generally recommended is 3-5 watts per square foot in the sanctuary and twice that in the altar area). This wattage figure gives 15-25 foot candles at the reading plane for most auditoriums.

We offer pendant fixtures, ceiling fixtures, wall sconce fixtures, wall mount fixtures, and directional lighting.

Our field representative will be glad to show you our entire lighting program.

CALL TO REQUIRE A COMPLETE LIGHTING CATALOG

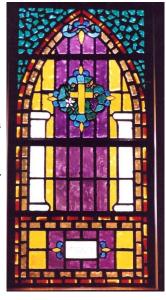

STAINED GLASS

FRANKLIN

We design, build and install all types of windows, from the simplest leaded glass to the intricate, hand-painted cathedral designs. We also manufacture faceted or "chunk" glass construction, which lends itself well to modern style sanctuaries.

Choose from any array of standard designs that are adapted to any size or shape window, or work with our design department to create a one-of-a-kind work of art. Our design department is well diverse in religious symbology for all denominations, and will work with you to create a window appropriate to your particular installation. All windows are custom-made, hand-crafted, with only the finest materials available.

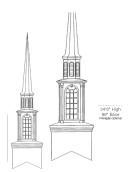

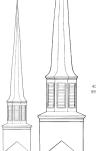

Steeples/Baptistries/Commercial Carpets

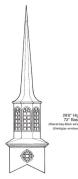

FIBERGLASS AND ALUMINUM CHURCH STEEPLES

Whether you're contemplating new construction, extensive remodeling or just slight improvements, one call to us lightens your burden of decision. Beautiful sky-reaching church steeples can indeed gather your flock from far away. A visual view of parishioners' pride.

FIBERGLASS CHURCH BAPTISTRY SYSTEMS

We offer a variety of baptistry systems from a permanent fixed baptistry with right and left entry, left or right entry only, or portable baptisteries that can be used as a communion table when not in use.

COMMERCIAL/DESIGNER SERIES GRADE CHURCH CARPETING/FLOORING

Virginia Church Furniture private labels carpet from many major, respected carpet manufacturers. We offer a wide range of face weights and weaves, from the sturdiest level loop to the plushest pile.

Rely on us to coordinate delivery and installation of your carpet with the delivery of your other church furnishings, including church steeples and baptistry products. And with our private labels, you have one of the best color selections available. We can custom dye your carpet to match your pew upholstery fabric, usually at no additional cost.

More than just providing a wide selection of carpet, our service includes field measurements of your project, coordination of delivery and installation and our guarantee of quality as part of each and every job. Our field representatives will be glad to show you our entire line of carpet, church baptistry, steeple, and furnishing products.
